#### Attention: Students of Mechanical Engg, VGI

An Industrial visit is scheduled for the Student of Mechanical Engineering (4<sup>TH</sup> /6<sup>th</sup> sem), CUMMINS INDIA LTD, DEWAS on 8th sept 2019 ( Friday) at (07:00 AM).

#### About Company:

Formed in 1962, the largest entity, Cummins India Limited, is the country's leading manufacturer of diesel and natural gas engines. One of the eight legal entities of the Cummins Group in India, Cummins India Limited comprises of three business units - Engine, Power Systems, and Distribution.

- The **Engine Business** manufactures engines from 60 HP for low, medium and heavy-duty on-highway commercial vehicle markets and off-highway commercial equipment industry spanning construction and compressor.
- The **Power Systems Business** designs and manufactures high horsepower engines from 700 HP to 4500 HP for marine, railways, defense and mining applications as well as power generation systems comprising of integrated generator sets in the range of 7.5 kVA to 3750 kVA including transfer switches, paralleling switchgear and controls for use in standby, prime and continuous rated systems.
- The **Distribution Business** was acquired in 1967, with the objective of providing products, packages, services and solutions for uptime of Cummins equipments. Through its country-wide network of 31 authorized dealerships, over 200 branch offices and 450 service touch points, the business provides parts, new and rebuilt engines, batteries, services and customer support solutions to products manufactured by Cummins. This network offers a strong team of more than 5,000 company trained engineers and technicians who handle service events of 3,50,000 engines on the field, serving over 1,00,000 customers across various markets in India, Nepal and Bhutan.

Cummins India Limited is a 51 percent subsidiary of Cummins Inc. USA.

The Students Will Board the Bus at 07:00AM from the return by 06:00 PM
