WORDS FROM THE CHAIRMAN

Mr. Mukesh Patidar
Chairman of VGI

Education is the most powerful tool to shape the future, and at our institution, we strive to create not just qualified professionals, but responsible, ethical, and innovative individuals.

Our mission is to provide an education that is not only rooted in strong academic foundations but also instills in students the values of discipline, compassion, and determination. We continuously work towards building an ecosystem where students can explore, evolve, and excel in all dimensions of life.

I am confident that with the dedicated efforts of our faculty, the enthusiasm of our students, and the support of our stakeholders, we will continue to achieve greater milestones.

WORDS FROM THE SECRETARY

Mr. Rahul Patidar
Secretary of VGI

Students are the heart of our institution, and everything we do is centered around their growth and success. Our aim is to provide an education that goes beyond books one that teaches you to think critically, act ethically, and grow personally.

We continuously strive to improve our academic programs, skill development activities, and placement support, ensuring that students ready to face the real world with confidence.

Our aim to build a bridge between tradition and modernity where students respect values while embracing the future.

I warmly welcome all students to be a part of this transformative journey.

WORDS FROM THE JOINT SECRETARY

Mr. Akash Patidar
Joint Secretary of VGI

We are truly grateful to all the parents who have placed their trust in us by choosing Vaishnavi Group for their child's future. It is both our responsibility and honour to live up to that trust and give our very best for their growth and success.

There are generally two perspectives when it comes to education. One focuses on academic success getting a good education, securing a high paying job, and progressing in reputed multinational companies. This is absolutely valid, and we! completely agree with its importance.

You can already witness our efforts in promoting these values through the various activities we conduct. We are committed to providing an environment where students learn not just from books, but from real life experiences as well.
